Vans, fleets, workshops and temporary sites that need a quick top-up between trips.

Connection

A 400 volt power connection, usually a separate feed from the distribution board.

ABOUT THIS CHARGER

The Autel DC Compact 50 kW is one flexible fast charger for three setups: against a wall, on a pedestal or mobile on wheels. The same unit works as a fixed charger in a car park or can be moved where temporary fast charging is needed. The 21.5 inch touchscreen supports clear price display for public and semi-public sites. Cable management and a payment terminal are optional.
