TECHNICAL DATA SHEET · CCS2 TOT 200 A

Autel DT300

Overhead charger for truck depots: charge trucks with no cables on the floor.

KEY POINTS

- Specifically for truck charging: trucks and buses over CCS2
- Charging from above, cable retracts automatically
- IP65, IK10
- Works with a DS power cabinet
- Standard warranty 24 months, extendable to 10 years

SPECIFICATIONS

Charge points	**1**
Connector	**1x CCS2**
Charge current	**up to 200 A**
Mounting	**Ceiling mounted**
Cable handling	**Automatic retractor**
Protection rating	**IP65, IK10**
Backoffice protocol	**OCPP 1.6J or 2.0.1**
Connectivity	**Ethernet**
Metering	**MID meter**
Use case	**Truck depots, bus depots and workshops**
Warranty	**24 months, extendable to 10 years**

Who it is for

Truck depots, bus depots and workshops with heavy vehicles.

Connection

Works with a DS power cabinet. That cabinet needs a heavy supply.

ABOUT THIS CHARGER

The Autel DT300 is built specifically for truck charging, like the DT1500 with MCS. Trucks and buses charge over CCS2 up to 200 A. The charger is mounted to the ceiling, the cable comes down from above and retracts automatically after charging, so no cables in the way between vehicles. The housing is weatherproof (IP65, IK10). Works together with a DS power cabinet (DS480, DS960 or DS1440).
